PLEASE READ BEFORE ASSEMBLY

- 1) Make sure there is enough free space for installation.
- 2) Before fully unpacking, please measure the elements whether they match the order.
- 3) After unpacking the elements from the boxes, please check the completeness of the set with the assembly instructions – if you find that something is missing – let us know and if necessary, we will send the missing parts.
- 4) Consider whether you will need help with assembly, if you find it necessary, find someone to help you.
(For bunk beds assembly, we recommend two people).
- 5) The installation of wooden dowels must be done on a solid, flat surface. By using a hammer in this process, remember not to use too much force.

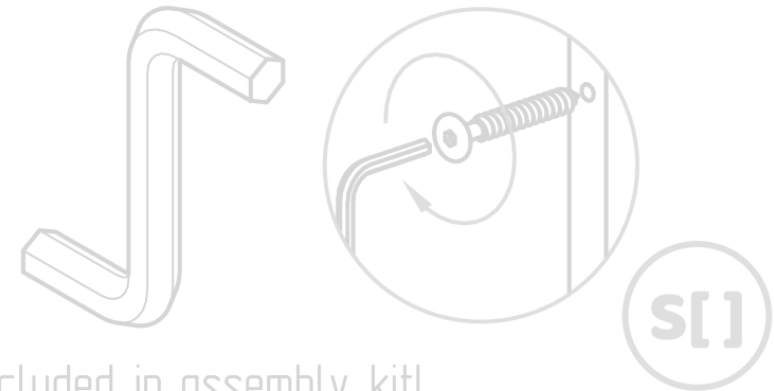

REMEMBER!

NEVER HAMMER WOODEN DOWELS IN THE AIR OR WITHOUT SUPPORT!
